

INCOMING STUDENTS

Selection criteria for incoming students

All the documents required will be sent through the “personal space” section in the “incoming students” web:

<http://www.esdap.cat/p/1/814/0/Incoming-students>

1. Language criteria (up to 45 points)

It is indispensable to have sufficient knowledge of the language or teaching languages of ESDAP at the time of the mobility.

Catalan and Spanish will be valued as teaching languages. English will be valued too when it is contemplated in the bilateral agreement between both institutions.

As a general rule, for any mobility a minimum level of B1 is requested at the time of mobility.

Level	B1	B2	C1	C2
Score	30	35	40	45

Not having the minimum level of language may be the reason for exclusion from the selection process.

2. Portfolio or book (up to 45 points)

It is a collection of projects by the student. The aim is to visualize the competences that he or she has acquired. It will be made in PDF format.

3. Letter of motivation (up to 10 points)

The letter of motivation must reflect the reasons that the student has for carrying out his/her mobility and the objectives that he or she wants to achieve. It must be clear, well-structured and without grammatical or spelling mistakes.

During the selection process, ESDAP reserves its right to request complementary documentation in order to carry out a more accurate selection of candidates.
